**LIFETIME GUARANTEE\***

Proud to be a British  
Manufacturer

**DIAMONDBRITE® IS A TWO STEP PROTECTION SYSTEM FOR YOUR LEISURE VEHICLE WITH A LIFETIME GUARANTEE\***

# PHASE ONE

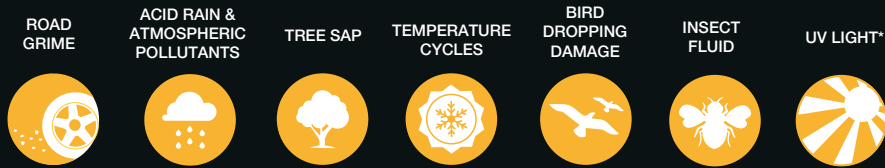

## PAINT PROTECTION

Patented Diamondbrite® products are applied to your Motorhome, Caravan or Camper leaving a hard, high gloss protective shield which prevents pollution damaging the vehicle's paintwork. To ensure a professional finish and a correct application, Diamondbrite® is only applied by authorised and fully trained technicians. Once treated with the Diamondbrite® process you will never have to polish again. Simply wash down using aftercare pack that you will receive. Once treated your Motorhome, Caravan or Camper will retain a high gloss finish and will remain fade and stain resistant. Those stubborn black streaks are also much easier to remove if your vehicle has been treated.

**Diamondbrite® leaves your paintwork & interior upholstery protected. LEAVING YOU TO RELAX IN COMFORT**

### Guaranteed to protect against:

\*Fading from ultraviolet light is virtually eliminated as is nitrate etching caused by bird droppings provided it is removed within 7 days and retreated with conserver.

### How it works

1. If your paintwork was magnified it would reveal small pores in the surface
2. Road traffic dirt gathers in the pores and attacks paintwork.
3. The paint protection application cleanses and fills pores in the vehicles paintwork leaving a smooth finish that cannot be penetrated.
4. The paint protection application creates a hard protective skin. It leaves a high lustre finish that rain and dirt cannot penetrate.

\*Lifetime guarantee from date of application until end of ownership. Non Transferable.

# PHASE TWO

## INTERIOR PROTECTION

During the Diamondbrite® upholstery protection process each fibre is coated with an invisible resin based material. After treatment your upholstery will be guaranteed for life\* against normal everyday spills and stains.

### Diamondbrite® has been successfully tested with:

Tea, coffee, hot chocolate, alcohol, milk, fruit juices, cola, fizzy drinks, chocolate, confectionery and grease from foodstuffs.

## INTERIOR PROTECTION FOR CARPETS

Carpets are subject to the most wear and tear than any other part of your Motorhome, Caravan or Camper. They quickly lose their original appearance with the ground in dirt working into the pile of the carpet and wearing it out. Vacuuming alone will not bring the dirt up. Diamondbrite® carpet protection seals the base and surface fibre meaning dirt and grime, including pet hairs can be easily removed.

### Untreated Upholstery/Carpet

Dirt & spills are difficult to clean, leaving stubborn stains and tide marks even after cleaning.

### Treated Upholstery/Carpet

Dirt and spills are easy to clean. No Permanent staining, guaranteed.

Optional leather Upholstery treatment also available.
